

Shibeth Whitepaper

Shibeth has a mission.

Bring financial freedom for holders, with a passive income and make a possibility to earn money by playing games.

Decentralized finance, which utilizes technologies to remove intermediaries, middlemen, and banks from financial markets, is a complicated system to enter into.

The first step towards achieving accessibility is to create the Shibeth token.

Shibeth Phase 1 (December 2021)

It is an innovative Reflection Token, one that pays dividends in Ethereum instead of our own.

The Dividends are realized by a tax on every transaction on the Token Network.

In Phase 1 there is a 15% Tax on buys and sells:

-7% is redistributed to holders in \$ETH

-4% goes to the Marketing Budget

-3% is added automatically to the Liquidity

Buyback and Burn - random time, here will be buyback and token burn, as Shibeth believe in deflationary.

Antiwhale - Max wallet 2% to avoid huge dumps.

Contract ownership is renounced.

Shibeth Whitepaper

Shibeth Phase 2 (1 Quarter 2022)

Our main goal in 1 quarter is game release where our holders can earn free ETH by playing this game. To satisfy our investors hunger for waiting we will release a pack of NFT's related with Shibeth project.

Roadmap

December 2021
